NJ License #3611
NY License #13062

Fee Schedule

The fee for a 45 minute individual session is \$195.

In cases warranting financial or other relevant considerations, alternative fee schedules based on a sliding pay scale may be arranged upon special request.

Session fees are to be paid in full at the time of the appointment unless otherwise agreed upon in advance. Clients whose fees are covered by insurance and can be reimbursed directly by the insurance company are requested to do so. Clients whose insurance does not allow for direct reimbursement to them will be responsible for their co-insurance payments either at the time of their appointment or as agreed upon on a monthly basis upon receipt of a bill summarizing monthly payments due. I am in-network with the following plans only: Aetna, Blue Cross Blue Shield (traditional and non-managed plans only), Beacon Health, Magellan.

Cancellation and Fee Policies

A prearranged session must be cancelled or changed at least 24 hours prior to the scheduled appointment. If a session must be cancelled, a make-up session will be offered when possible, during the same week. Should the client be unable to reschedule, the client is responsible for full payment of the missed session.

The time that has been set aside for your session is your time reserved exclusively for you. Therefore, it is important that you understand the necessity of adhering to these guidelines and policies.

I hereby agree to the above cancellation and fee policies.
